CAREER OBJECTIVE

Software Engineer with hands-on experience building scalable backend systems, full-stack web applications, and AI-powered tools. Proven ability to deliver production-ready features across agile teams using Python, Django, React, and Docker. Passionate about Cloud Infrastructure / Machine Learning with a track record of shipping clean, well-documented code on deadline.

WORK EXPERIENCE

MIND YOU

AI Software Engineer

BGC, Taguig, PH

May 2025 – September 2026

- Engineered a Slack-to-Google Chat migration tool that securely transferred 40+ conversation logs channel and attachments with 100% data integrity, eliminating manual migration risk for the engineering team.
- Built a scalable Django + Docker backend from scratch, reducing environment inconsistency incidents to zero.
- Delivered jira feature tickets per sprint, consistently meeting deadlines and contributing to constructive sprint retrospectives in a cross-functional agile team.
- Maintained clean, well-documented codebase across modules, reducing code-review cycles and enabling faster onboarding for new contributors.

INTERNSHIP EXPERIENCE

MIND YOU

Developer Intern

BGC, Taguig, PH

Feb 2026 – May 2026

- Engineered a custom Slack-to-Google Chat migration tool to securely transfer legacy conversation logs and attachments, ensuring full data integrity during the transition.
- Established a production-ready Docker environment that standardized local and deployment configurations across an engineering team.
- Contributed to codebase maintenance and documentation initiatives, improving code readability and reducing technical debt across legacy modules.
- Participated in daily standups and sprint planning, providing consistent updates on feature development progress.

MALAYAN INSURANCE CO., INC.

IT Infrastructure Security Intern

Binondo, Manila, PH

May 2024 – August 2024

- Strengthened enterprise IT infrastructure by implementing and maintaining cybersecurity controls across systems, reducing vulnerability exposure.
- Administered Active Directory (AD), Remote Assistance, and cross-department technical requests, maintaining 100% uptime for internal IT operations.
- Managed Microsoft Licensing and System Configurations for an enterprise environment of users, ensuring compliance and operational continuity.

DE LA SALLE UNIVERSITY

I.T Department Intern

Dasmariñas, PH

Dec 2018 – Feb 2019

- Performed computer hardware diagnostics and repairs in a school environment.
- Collaborated on structured cabling tasks, including Ethernet cable termination using RJ45 connectors.

EDUCATION

TECHNOLOGICAL INSTITUTE OF THE PHILIPPINES

Bachelor of Science

Manila, PH

Aug 2025

Major in Computer Science

Cumulative GPA: 1.77

TECHNICAL SKILLS

Languages: Python · JavaScript · Java · C · C++ · C# · SQL

Web & Frameworks: Django · React · Next.js · Laravel · Celery · REST API

Databases: PostgreSQL · MySQL · Redis · Firebase · SQLite

Cloud & DevOps: Docker · Git/GitHub · Vercel · Railway · AWS (Foundations)

AI & Data: TensorFlow · OpenCV · scikit-learn · NumPy · Pandas · Matplotlib.

AI Tooling: MCP · OpenRouter · Qdrant · GitHub Copilot · Google Colab
